Research Education and Training Programs

- **International Medicine Institute International Scholars Program:** Under the leadership of Dr. Leopoldo Raij, one of IMI's medical directors, he started a mechanism for research scholars to be trained between select institutions. There are currently 4 participants; three from Brazil in the diabetes department and one from Argentina in the hypertension division.

International Research

International Clinical Research

CoreValve: CoreValve Percutaneous ReValving System, which improves maneuverability while eliminating surgical cut-down of the femoral artery; received CE Mark. Pre-FDA research being performed by Angiografia de Occidente in Cali, Colombia by Dr. Antonio Dager, former UM trainee.

Accumed Systems: Intra-coronary plaque temperature measurement device to be used in diabetic patients undergoing elective coronary stent implantation, called Thermal Sensing System (TSS) to better anticipate outcomes. First in Man procedure to be tried at Angiografia de Occidente in Cali, Colombia by Dr. Antonio Dager.

Direct Flow Medical Inc: Percutaneous aortic tissue valve prosthesis to provide patients requiring treatment of aortic stenosis with a safe and effective percutaneous option. Site will be Angiografia de Occidente in Cali, Colombia, Principal Investigator will be Dr. Antonio Dager. INVIMA regulatory processes pending.

Synecor – Neuro Tronik - Intravascular Stimulation of Cardiac Parasympathetic and Sympathetic Inputs in Humans.

Overseas Clinical Opportunities

Colombia

Angiografia de Occidente

Cali – Clinica de Occidente

Pereira – Clinica Comfamiliar

Cali – Clinica Rafael Uribe

Middle East

ABU DHABI

Dr. Abdul Rahim Jaffar Hospital

Caribbean

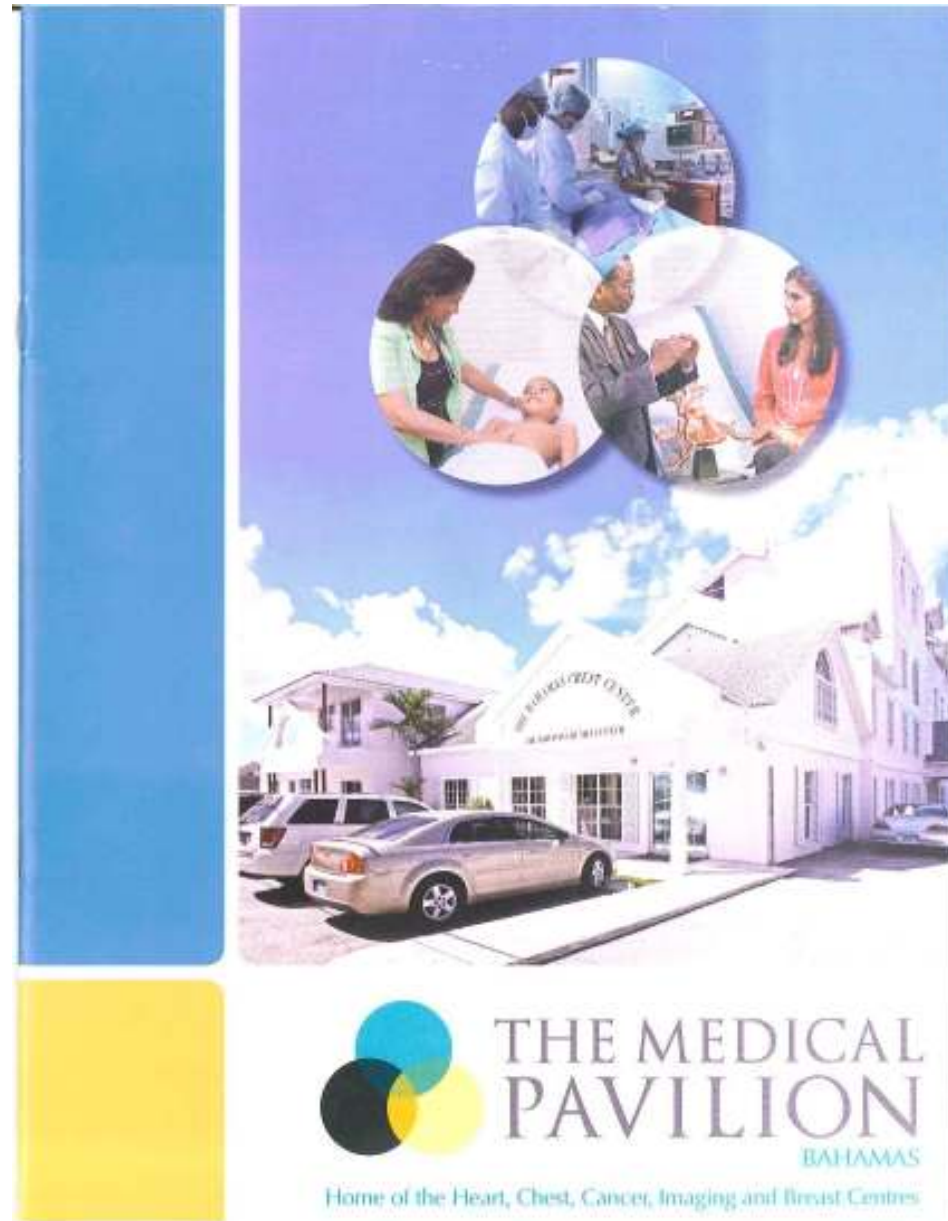

Bahamas

Education and Training Affiliation with Bahamian Insurance Company. Also owners of Walk-In Medical Centers.

Colina Imperial.

Bahamas

The advertisement features a vertical blue bar on the left and a yellow bar at the bottom left. The central image shows three circular insets: the top one depicts a surgical team in an operating room; the middle one shows a doctor examining a child; the bottom one shows a doctor consulting with a woman. Below these is a photograph of the Medical Pavilion building, a large white structure with a sign that reads "THE MEDICAL PAVILION" and "HOME OF THE HEART, CHEST, CANCER, IMAGING AND BREAST CENTRES".
